

Spring School 2024

Mathematisches Institut Göttingen

Modern Aspects of Analysis on Lie Groups

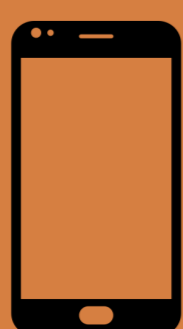

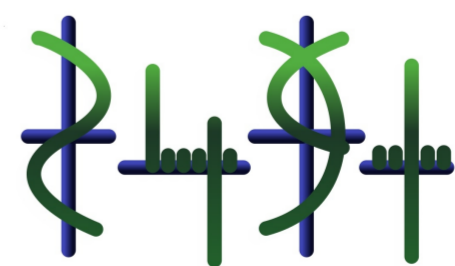

April 2-5, 2024

Organizers: **Wolfram Bauer** (Hannover), **Christian Jäh** (Göttingen), **Ingo Witt** (Göttingen)

Venue: Mathematisches Institut, Georg-August-Universität Göttingen, Bunsenstraße 3-5, 37073 Göttingen

Lecture Series

- Clotilde Fermanian Kammerer (Université Paris Est - Créteil Val-de-Marne)
Semi-classical analysis on nilpotent graded Lie groups
- Azita Mayeli ((CUNY/The Graduate Center and Queensborough)
Advanced Spatio-Spectral Analysis in Higher Dimensions
- Davide Barilari (Università di Padova)
Strichartz estimates and sub-Riemannian geometry
- Serena Federico (Università di Bologna)
Weyl calculus on graded Liegroups
